GREEN RESOURCE INDEX

Reducing Your Environmental Impact

The S.C. Department of Health and Environmental Control's (DHEC) Office of Solid Waste Reduction and Recycling (Office) is pleased to present the "Green Resource Index" (Index). This publication is designed to help business, industry, local government and others locate:

- recyclers and users of your by-products;
- equipment to help minimize your waste;
- services to help you become more environmentally friendly; and
- substitutes for hazardous materials.

This publication is printed annually. The online version, however, is updated as needed throughout the year. It can be found by visiting www.scdhec.gov/recycle and clicking on the "Green Resource Index" link under "Related Topics." If you

would like to update a listing, report an inaccuracy or need additional help, please call the Office at 1-800-768-7348. Additional resources from the Office include the:

- S.C. Smart Business Recycling Program, www.scdhec.gov/smartbusiness;
- S.C. Green Hospitality Program, www.scdhec.gov/greenhospitality; and
- S.C. Materials Exchange, www.scdhec.gov/scme.

DHEC does not endorse any of the listings included in the Index. It is the responsibility of the users of the Index to confirm that all federal, state and local regulations are met by the contacts made using this Index. The information in this Index is solicited from and provided by the listed organizations. No charge is made to list the organization and no charge is made for distribution of the Index.

CR-010909 1/15

INDEX 1: Alphabetical List of Companies

A

3 R of Charleston, Inc.....	38
3R Inc.....	38
A&P Recycling Company.....	38
A Recycling Center	38
A Shred Ahead	38
A.C.E. Environmental Inc.....	39
Adams Scrap Recycling.....	39
Advance Group	39
Advanced Deburring & Finishing	39
Advanced Environmental Options	39
Advanced Recovery of North Carolina, LLC.....	40
AEIPLUS Inc.	40
AER Worldwide	40
AERC.com, Inc.	40
Air Systems Corporation.....	40
Alkota Cleaning Systems, Inc.....	41
All Safe, Inc.	41
All-Points Waste Service, Inc.....	41
American Document Shredding	41
American Recycled Products.....	41
Anderson Woodwaste & Recycling	41
Ard's Container Service	42
Armstrong Acoustical Ceiling Recycling Program	42
Ashmore Brothers, Inc.....	42
Aspenware Inc.	42
Atlantis Hospitality Group, Inc.	42

B

Bakers Waste Equipment, Inc.	43
Barco Products Company	43
Barnhill Contracting Company	43
Barnwell Resources.....	43
Basic International Inc./INTCO Recycling.....	43
Battery Post Inc.	43
Battery Recycling Made Easy (dba MCT, LLC)	44
Battery Solutions, LLC.....	44
Bayou Metal Co.	44
BECCA Incorporated.....	44
Becker Complete Compactor, Inc.	44
Bedex, LLC.....	44

Belton Metal Co.	45
Bethlehem Apparatus Company, Inc.	45
Bid on Equipment	45
BioHitech America	45
Blue Ridge Plastics, An ITW Company.....	45
Blue Ridge Recycling.....	46
Bonitz Contracting Company – Charleston.....	46
Bonitz Contracting Company – Columbia.....	46
Bonitz Contracting Company – Greenville	46
Bowers Fibers	46
Bridges Recycling Service.....	46
Bruce Mooney Associates, Inc.	47
Bruce's Pool Service.....	47
Bulk Handling Systems (BHS).....	47
Busch Systems International Inc.	47
Buy Recycled Products.....	47
B.W. Recycling, Inc.	47
B.W. Recycling, Inc.	48

C

C&M Baling Systems, Inc.	48
Call2Recycle	48
Camden Steel and Metal	48
Can-Am Engineered Products, Inc.	48
Caraustar Mill Group – Carotell Paperboard	49
Carolina Concrete & Asphalt Recycling, Inc.	49
Carolina Custom Pallets/Mulch	49
Carolina Industrial Products, Inc.	49
Carolina Materials Corporation	49
Carolina Recycling & Consulting, LLC.....	49
Carolina Recycling & Renewal.....	50
Carolina Scrap LLC.....	50
Carolina Shingle Recycling, LLC	50
Carolina Textiles Inc.	50
Carolina Waste & Recycling, LLC.....	50
Carolina Waste Solutions.....	50
Carolinas Environmental Response Team	51
Carpenter Design, Inc.	51
CBG Biotech	51
CBG Technologies.....	51
CDA Architects	52

CertainTeed Ceilings	52	Dart Container Corporation.....	60
Charleston Steel and Metal	52	DART Worldwide, Inc.	60
Charleston Steel And Metal.....	52	Davco Steel, Inc.....	60
Chem Station	52	Davis & Floyd, Inc.	60
Chemtek.....	53	DEGREE WWC	60
Chemtron Corporation	53	DFG Mercury Corporation	60
CHS Plastics, Inc.	53	Dickson, W. K.	61
Cintas Document Management.....	53	Discount Toner & Ink, LLC.....	61
CK Supply – Charleston	53	Divergent Energy.....	61
CK Supply – Columbia	54	Diversified Recycling, Inc.....	61
CK Supply – Mauldin	54	Dolphin Blue	61

E-mailinfo@aspenware.ca
Website www.aspenware.ca
Address #3-1935 11th Ave., Vernon, BC V1T-9A

COMMENTS: Aspenware Inc. produces Aspenware premium, single-use, 100 percent compostable, wooden utensils as an environmentally friendly alternative to the 100 billion disposable plastic utensils landfilled in North America each year. Our utensils have been engineered to be similar in size and shape to conventional silverware, meet or exceed the performance of heavy-weight plastic and compost rapidly enough to comply with the most stringent international composting systems. Our patented lamination and forming process produces a knife that can cut through steak, a fork that can pierce raw carrot and a spoon that can scoop hard ice cream.

E-mail.....	lgiovannelli@biotech.com
Website	www.biohitech.com
Address ...	80 Red Schoolhouse Rd., Chestnut Ridge, NY 10977

COMMENTS: BioHitech America provides a simple, environmentally friendly and cost-effective solution for waste disposal. The Eco-Safe Digester is a data-driven, network-based technology resulting in a cost-saving solution to reduce environmental impact and promote efficiency. The Eco-Safe Digester converts food into net new water, saves money by avoiding disposal costs and significantly reduces greenhouse gas emissions by providing a sustainable means of transportation for the waste by-product which doesn't require on-road transportation. There is no residual food waste to store or transport. It is an ecologically-friendly solution for processing food waste at its source. The smart analytics of the BioHitech Cloud, a proprietary cloud platform hosted by Amazon, delivers valuable real-time data providing a waste profile that allows for smarter purchasing decisions, better inventory management, more informed staffing decisions, improved efficiencies and attentive food preparation. The ability to benchmark locations across geographies and measure the impact of seasonality also help to improve the awareness of what is wasted in order to make the necessary steps to prevent it. Already implemented in many applications across the globe, the Eco-Safe Digester is ideal for use in any food service, hospitality, healthcare, government, conference center, education center or stadium that generates a high volume of waste.

 Address 2211 Lake Club Dr., Suite 2015, Columbus, OH 43232

COMMENTS: CBG manufactures and sells safe and HAP-Free solvents that replace (substitute for) Xylene, Toluene,

di-Limonene and other aromatic solvents. These solvents can cause very serious medical problems and are classified by the U.S. Environmental Protection Agency as Hazardous Air Pollutants (HAP). CBG's solvents are as good as or better than their aromatic counterparts in almost every application, but especially for polymers, resins, oils and greases as they do not leave oily residues upon drying. Formula 83 is the alternative for Xylene Formula 66 is the alternative for Toluene Formula 52 is the alternative for d-Limonene. Formula 78H is the alternative for Terpenes and higher boiling aromatic solvents.

 Address 50 Saddleback Cover, Travelers Rest, SC 29690
 Mailing Address PO Box 399, Travelers Rest, SC 29690

COMMENTS: EnviroPure's EPW Food Waste Disposal system is a self-contained, continual feed, organic waste disposal system that converts organic food waste – including vegetables, fruits, meat fish, poultry, dairy products, coffee grounds, bones, shells and pits – into water. Through a hyper-accelerated, natural aerobic decomposition process, organic waste is reduced, generally within 24 hours, to a harmless effluent that is odor free and can be safely disposed of into existing municipal waste water systems. The EPW system can process from 120-14,000 pounds of food waste per day, can be custom configured to fit into any supermarket, commercial or industrial kitchen operation, generates no sludge or odor and requires no clean out. EPW operating costs are significantly less than that of traditional waste disposal and financing is available.

 Contact Allen Welch
 Telephone.....(843) 283-9017
 Fax.....(843) 347-3080
 E-mail.....allen.welch@usfood.com
 Address 120 Longs Pond Rd., Lexington, SC 29072

COMMENTS: fuel good is a used fry oil collection and recycling program that utilizes 5 gallon cans instead of the large waste dumpsters that are so environmentally unfriendly. Our fuel good program is a Green Energy Program, where the used fry oil collected is recycled and used as green energy, a sustainable source of bio feedstock and consumed by US Foods. This reduces the demand for imported oil and insures the used fry oil is handled in an environmentally safe and friendly manner. For more information on this program please use the contact number provided.

Address 106 South Lake Ct., Lexington, SC 29073

COMMENTS: We design, install and construct wash water treatment systems. Our closed-loop treatment systems capture hazardous and non-hazardous solids and separates the chemicals and water so that recycled (clean) water can be used again in the wash system. We also offer portable and stationary cold and hot water pressure washers. Our washers features include: electric, gasoline or diesel powered from 2 to 29 HP; natural gas, oil, diesel or liquid propane fired; and direct drive or belt driven. We also custom build pressure washer trailer packages. In addition, we stock specialty cleaning chemicals and detergents and sell parts and accessories for the majority of washers in the market today. We also offer service/maintenance on virtually any make and model pressure washer.

COMMENTS: Our services include providing programs that encourage waste minimization and provide an outlet for multiple recyclables. We handle plastics (HDPE, LDPE, PET, ABS, PC/ABS, PS, Nylon, PVC, PP and acrylic) as well as paper and cardboard to provide a single source of service. Mumford handles plastics in all forms, ridged, soft, film,

pellets and regrind. Material can be moved in baled form, gaylords or floor loads. We provide trailers and logistics support as well as toll and repelletizing services. Plastics and papers may be mixed on trailers.

 E-mail..... brian@recyclingrevolution.net
 Website www.recyclingrevolution.net
 Address 4190 Collins Rd., Unadilla, GA 31091

COMMENTS: Recycling Revolution, LLC has been recycling since 1987. We are experts in recycling. We purchase all types of plastic, metal and electronic waste streams. We provide any and all equipment that is necessary for the collection and recycling of scrap. We currently have countless balers, grinders and drop trailers at many of our suppliers across the country. We handle all the logistics involved in the pick up and handling of your scrap. We offer immediate payment on all the scrap we purchase. We specialize in low-end, contaminated and hard-to-handle materials. Our factory is located in Unadilla, GA where we handle recycling, product destruction, shredding, grinding, baling and sorting. Recycling Revolution is currently looking for truckload volumes of the following materials: plastic pallets; HDPE buckets; totes and crates; HDPE ridges; PP supersacks; PET bottles; HDPE bottles; PP non-woven; 3-7 post-consumer

baled; 1-7 post-consumer baled; ABS computer housings; PVC blister; PVC window frames; and PVC siding. We pay COD/WIRE TRANSFER TERMS before the material leaves your dock.

RecycleMatch

ID Number..... 28043
 Contact Brooke Farrell
 Telephone.....(713) 581-0466
 E-mail info@recyclematch.com
 Website www.recyclematch.com
 Address 3375 Westpark Dr. #321, Houston, TX 77005

COMMENTS: RecycleMatch is the first on-line B2B marketplace for business recycling and zero waste – allowing companies to buy, sell or give waste and commodity recyclables. We make it easy for companies to extract the embedded value in the materials that are no longer of use to your operations or supply chain. Our goal is to help companies divert materials from landfills as well as to provide a better way to sell and buy commodity recyclables.

 E-mail renubatteries@gmail.com
 Address 3834 1/2 Dorchester Rd., N. Charleston, SC 29405

COMMENTS: We recondition batteries for cars, trucks, boats, motorcycles, wheelchairs, golf carts, scooters, ATVs, forklifts and pallet jacks – just about anything that needs a lead-acid or gel battery. We then provide these reconditioned batteries to the consumer at a fraction of the cost of a new battery and we provide a prorated warranty on each reconditioned battery. Additionally, we pay the consumer to recycle as we buy batteries.

 Mailing Address PO Box 84416, Columbia, SC 29203

COMMENTS: We provides in-vessel composting machines that allow businesses to reduce waste costs by turning their organic waste into nutrient-rich mulch. In-vessel composting diverts waste from landfills and helps reduce harmful methane emissions. Our service brings the composting to the customer, allowing them to recycle waste materials where they are produced as quickly and simply as possible.

COMMENTS: We are an organic waste recycler and composter. We work with landscape companies, nurseries, golf courses, HOA and cities to reduce the organic waste they produce – such as roadside debris, leaves and plants – by teaching them to compost, reduce and reuse as topsoil or colored mulch. We also work for corporations recycling

pallets and crates to fiber board material to sell as fiber, quilts, shipping pallets or to the colored mulch industry, reducing cost and waste going to landfills.

Contact Michael Merritt
Telephone (603) 610-7950
Fax..... (603) 431-6034
E-mail sjadmin@spongejet.com
Website www.spongejet.com

Address 14 Patterson Ln., Newington, NH 03801

COMMENTS: The Sponge-Jet technology minimizes waste from abrasive blasting, de-leading and other paint and construction activities. We manufacture composite abrasives by bonding conventional abrasive with polyurethane sponge. This allows for clean, dry, low dust, reusable abrasive blasting and promotes waste minimization by recycling abrasive media, lowering air-borne releases, benefiting worker safety and air pollution. Sponge-Jet also manufactures high production, abrasive blasting and recovery systems for use with this composite abrasive.
